LITTLE CHRONICLES

Grades Pre- Nursery to II

VISION

In re-imagining modern education, our vision is to create a safe inspiring space, cultivate happy lifelong learners, build character and nurture humble leaders with the values of service while delivering academic excellence and fostering a global perspective.'

MISSION

To create a safe learning space where we develop not just exceptional students, but happy children.

To provide students with a challenging educational environment within an international community, focusing on a global curriculum, integrated with technology, and a plethora of extracurricular activities to meet students' individual needs. With an objective to ensure a conducive environment, we have dedicated a sprawling campus spread over an area of 10 acres comprising state of art infrastructure and world class facilities.

To adopt and promote the UN Sustainable Development Goal 4- Quality Education

To pursue quality as an attitude and strive to develop students with rational thinking based on a strong foundation of ethics and moral values, build on the proven success of Indian education, while assimilating developments of the modern scientific world in our curriculum.

Our Mentor

Dr. Priyanka Mehta
Director Principal

An eminent educationist with over 25 years of experience in the field of education. She has been widely appreciated for her work in the field and has been honored with several awards and recognitions. She firmly believes in creating value for society through nurturing and empowering young minds, leading them to become aware, responsible and ethical human beings who believe in strong values and relations in the modern world.

A totally peoples' person, she enjoys being with children and learns from their experiences, joys, and failures. Spirituality and values are very close to her heart and she believes that strong roots of values and culture strengthen character and ensure righteousness. She inspires as a fine blend of tradition and modernity, where Love for the motherland settles the soul and modernity of thought liberates the mind to think, innovate and create.

Her guiding lines are, "One day we are all going to be a memory...we must truly try to be a good one. The smiles on the faces of my students, as they express their love and trust, encourage me to work for them and give purpose to my life. I am driven by their faith and love. Their never-ending support pushes me further and allows me to be me. I keep reminding myself to be a learner and seek means and ways to enrich myself.

I am forever inspired by the lines:

"Life is short, break the rules, forgive quickly, kiss slowly, love truly, laugh uncontrollably, and never regret anything that made you smile."

Twenty years from now you will be more disappointed by the things you didn't do than by the ones you did. So throw off the bow lines. Sail away from the safe harbor. Catch the trade winds in your sails... Explore. Dream. Discover....."

Learning is an ongoing Process...

These are extremely testing times for all of us. But as it is said- Tough times last, but tough people last longer...

We shall all fight this together and emerge victorious.

We are therefore, inclined to bring the school inside the comfort of your homes. These new ways will certainly open up new opportunities for the students and for us.

Happy Learning to all !!

Diwali Celebrations

Diwali is a festival of lights,

A symbol of hope and prosperity...

It brings compassion, Inner peace, love, and awareness of being together ...

To celebrate the beginning of this beautiful festival, a Lantern Making Activity was conducted during the virtual classes.

Children enthusiastically participated and made colorful, creative paper lamps. It was a lot of fun and learning.

" The greatness of a culture is found in its festival."

Children's Day

To make the Children's day memorable for our little Sarvottamites and to celebrate their favourite Chacha Nehru's birthday, teachers conducted a Special Assembly which was filled with variety of programmes including special prayer, news, thoughts of Nehruji, significance of the day, dance, story enactment, poem, song and lots more.

Children loved watching their teachers dressed up in Nehru ji's style and performing for them to make their day special.

After the assembly, a Class party was organised together with Rock n Roll dance party moves which everyone enjoyed.

The earth reveals its innocence through the smiles of children.

“VIRTUAL SCIENCE EXPERIMENT DAY”

There are no dreams too large, no innovation unimaginable and no frontiers beyond the reach of the students of Sarvottam International School. Virtual Science day was held on 27th November where our little Sarvottamites showcased their innovative experiments on virtual platform.

Students displayed different experiments with great enthusiasm and excitement. The event provided a platform for scientific explorations and innovations for the future scientists.

"Science is a way of thinking much more than it is a body of knowledge."

Interschool competition

The spirited Sarvottamites of classes Nursery to Grade II are always eager to take on fresh challenges and explore novel learning avenues.

Our young performers participated in an Online Inter-School Competition-Ubuntu-2021 organized by Mayoor School School, Noida, and brought laurels to the school, harnessing the given opportunity to showcase their tremendous innate talent. Kudos to our young achievers!

Ekaanksh Khuraana of class Nursery got Best Ubuntu Story Award

Prisha Gayal Of class K.G. got the Heartwarming story Award

Aarav Kumar of class -I got the Best Team Award

Aarav Singh of Grade -2 got the Most inspiring story Award.

The Sarvottam family is proud of the tremendous efforts and achievements of all the students and wishes them all the best for their future endeavors. May all the success that has come their way lead them to bigger achievements in the years to come.

Congratulations to all the Winners!

Origami Day

“If you know origami then you would never get bored because you can always fold papers to create something new.” Happy World Origami Day to you!

World Origami Day was celebrated on November 11, with lots of excitement by our little bundles of joy. They created fish aquarium by using folded paper, safety scissors, crayons and markers. The Origami activity aims to develop fine motor skills in children.

"Craft is a part of the creative process."

Newspaper Reading Competition

**"NEWSPAPER READERSHIP IS
EVERGREEN."**

News paper reading will never go out of fashion and keeping this in mind we thought of having a Newspaper reading competition for our blooming buds.

Students read News during online class and added a pinch of humor to it.

It was indeed an incredible sight where in all the young readers showcased their reading skills through this wonderfully organised competition.

"The newspaper is a greater treasure to the people than uncounted millions of gold."

Thanks Giving Day

Thanksgiving day is celebrated as a day to be grateful for all the good things that God has given us.

To celebrate this, we had a card-making activity, where students made beautiful cards as a gesture for the people they are thankful for.

Be kind
Be thoughtful
Be genuine
But most of all
Be thankful

CLAY MOULDING ACTIVITY

“The object of art is to give life a shape.”

Clay is one such medium which promotes creativity. Our Grade-1 Sarvottamites had fun with clay during ‘SHAPE O MANIA’ where they made shapes with clay dough and decorated them. Children loved working with clay. Such activities help promote self confidence and also encourage self-expression alongwith improving social skills.

Wonder Space

Many children gaze up at the stars and wonder about the far-away little and shiny objects in the night sky and are always surprised what is beyond their world. And that beautiful world is called SPACE.

Space is the area directly outside of Earth's atmosphere. There is no air in space, which is why astronauts have to wear high-tech spacesuits to travel there. This also means that space is completely black as there is no air to scatter sunlight and create a blue sky as we have on Earth.

There are thousands of galaxies in space and the Milky Way is the name given to our galaxy in which our Solar System is located. It is called this (Milky Way) because of the way it looks when viewed from Earth.

A galaxy is a large group of stars bound together by gravity. The Milky Way is a spiral galaxy, estimated to contain approximately 100 billion stars. Our Solar System is located about 25,000 light-years away from the center of the Milky Way.

As we continue to explore we will find that space and the universe bring exciting concepts that astound the imagination.
