

## **VISION**

**In re-imagining modern education, our vision is to create a safe inspiring space, cultivate happy lifelong learners, build character and nurture humble leaders with the values of service while delivering academic excellence and fostering a global perspective.'**

## **MISSION**

**To create a safe learning space where we develop not just exceptional students, but happy children. To provide students with a challenging educational environment within an international community, focusing on a global curriculum, integrated with technology, and a plethora of extracurricular activities to meet students' individual needs. With an objective to ensure a conducive environment, we have dedicated a sprawling campus spread over an area of 10 acres comprising state of art infrastructure and world class facilities.**

**To adopt and promote the UN Sustainable Development Goal 4- Quality Education**

**To pursue quality as an attitude and strive to develop students with rational thinking based on a strong foundation of ethics and moral values, build on the proven success of Indian education, while assimilating developments of the modern scientific world in our curriculum.**

# Our Mentor

## **Dr. Priyanka Mehta** **Director Principal**

An eminent educationist with over 25 years of experience in the field of education. She has been widely appreciated for her work in the field and has been honored with several awards and recognitions. She firmly believes in creating value for society through nurturing and empowering young minds, leading them to become aware, responsible and ethical human beings who believe in strong values and relations in the modern world.

A totally peoples' person, she enjoys being with children and learns from their experiences, joys, and failures. Spirituality and values are very close to her heart and she believes that strong roots of values and culture strengthen character and ensure righteousness. She inspires as a fine blend of tradition and modernity, where Love for the motherland settles the soul and modernity of thought liberates the mind to think, innovate and create.

*Her guiding lines are, "One day we are all going to be a memory....we must truly try to be a good one. The smiles on the faces of my students, as they express their love and trust, encourage me to work for them and give purpose to my life. I am driven by their faith and love. Their never-ending support pushes me further and allows me to be me. I keep reminding myself to be a learner and seek means and ways to enrich myself.*

*I am forever inspired by the lines:*

*"Life is short, break the rules, forgive quickly, kiss slowly, love truly, laugh uncontrollably, and never regret anything that made you smile."*

*Twenty years from now you will be more disappointed by the things you didn't do than by the ones you did. So throw off the bowlines. Sail away from the safe harbor. Catch the trade winds in your sails... Explore. Dream. Discover....."*

## **Learning is an ongoing Process...**

**These are extremely testing times for all of us. But as it is said- Tough times last, but tough people last longer...**

**We shall all fight this together and emerge victorious.**

**We are therefore, inclined to bring the school inside the comfort of your homes.**

**These new ways will certainly open up new opportunities for the students and for us.**

**Happy Learning to all!!!**

# CONGRATULATIONS

## TO ALL THE WINNERS!!

**LEARNING IS MOST EFFECTIVELY RETAINED WHEN PERSONALIZED USING FAMILIAR CONTEXTS.**

*Grade -2 children learnt about the different shapes of moon through a playful STEM activity. Oreo biscuits were used as a prop. Children created different phases of the moon on Oreo biscuit and enjoyed thoroughly.*

Little sarvottamites dressed up in yellow costumes to celebrate Mango day during their online virtual class. Students were also told about the food safety during the class assembly on the occasion of World food safety day. With this students also enjoyed their mango recipes during the break time.

# Let your food be your medicine, and your medicine be your food

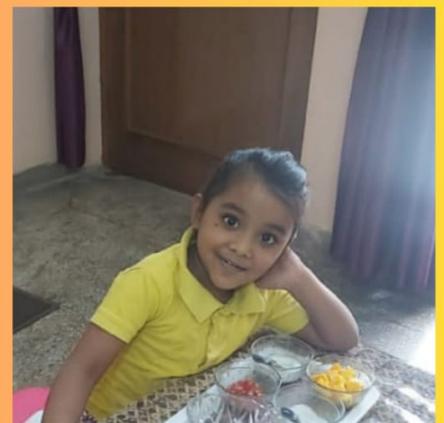

**To draw the attention of students to the health consequences of contaminated food and water.**

**The kindergarten students of Sarvottam International school celebrated World Food Safety Day on June 8'2021.**

**Students were enlightened about food & water safety and they also prepared a recipe by using healthy fruit- Mango.**

**Along with this, students of Nursery celebrated 'Yellow colour day' and wore yellow colour dress. They enjoyed the yellow colour day with mango smoothie.**

“Every child is an Artist” said  
Pablo Picasso

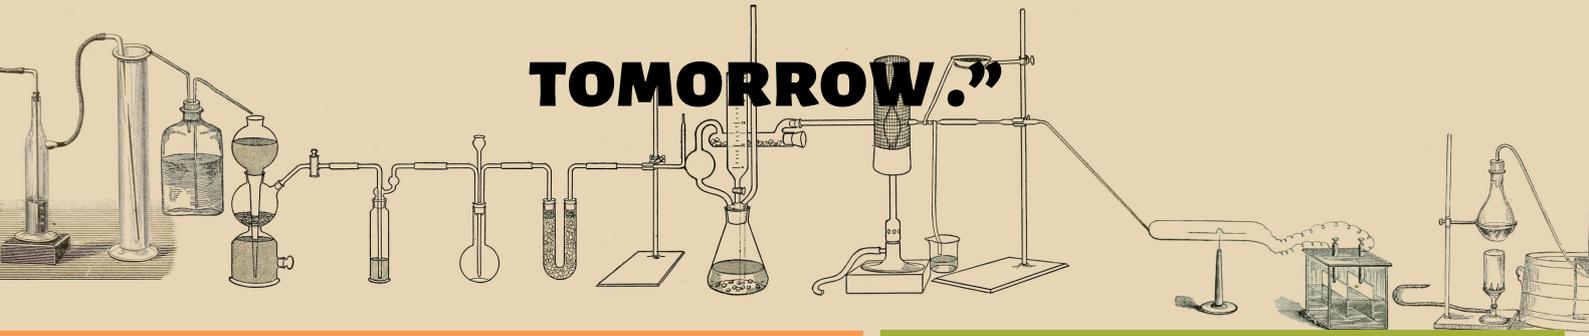

To explore the creative potential in the young minds of our students, an Art competition was held with the theme “Summer Season”.

The students showcased their creative skills in drawing and colouring. This fun filled activity witnessed an enthusiastic participation by all the students as they have created their own masterpiece.

WOW

# “ THE SCIENCE OF TODAY IS THE TECHNOLOGY

# TOMORROW.”

**The kids are setting a classic examples of utilising their time effectively by conducting Science experiments .**

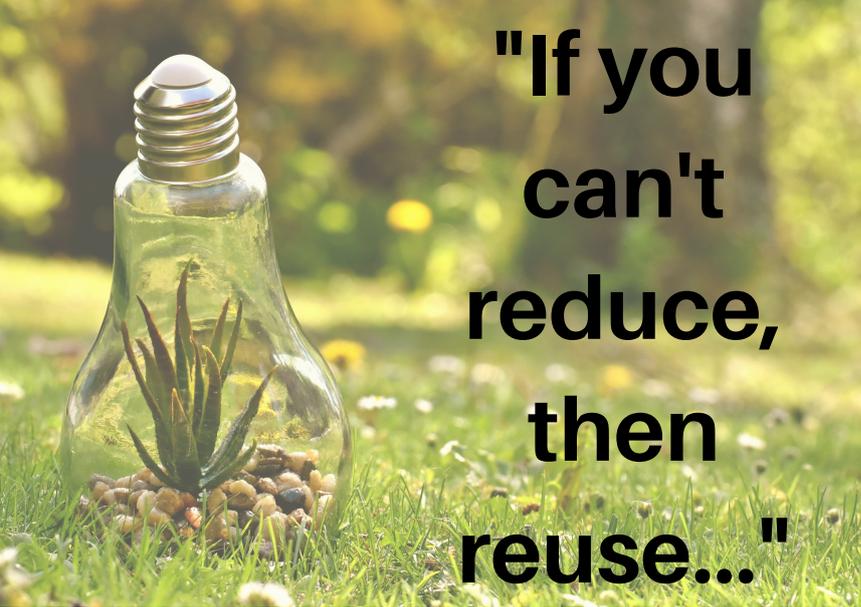

**For kids of all ages , the benefits of Science Experiments are enormous . It nurtures intellectual curiosity,helping children acquire new ways of asking questions and understanding the world .**

**Our young Little Einsteins club , young sarvottamites for Nursery to Grade 2 conducted science experiments . The young Einsteins were very excited to do the experiment which helped them to introduce new ideas as well .**

**MAGIC MILK**

**"If you  
can't  
reduce,  
then  
reuse..."**

**Encouraging such thoughts, our little munchkins of Sarvottam International School, took part in the ECO CLUB activity and made beautiful Pen Holders and Flower Planters by reusing the waste materials at home.**

**Reusing material provides an excellent alternative to waste management because it reduces air, water and land pollution.**

**Children enjoyed and learnt alot more from this activity.**

**ECO CLUB**

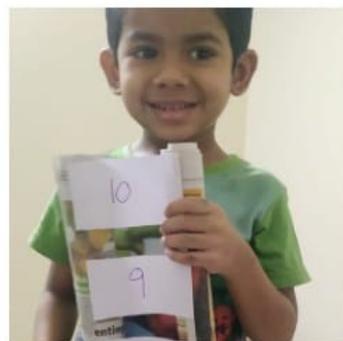

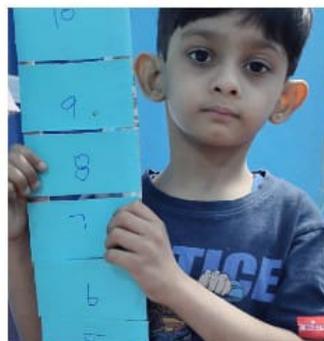

**Too often, students don't relate the importance of maths to the real world. In maths club we connected maths to the real world, the concepts like shape, more or less, capacity and odd even were very much clear and our little mathematicians were so much more motivated to hone their numerical skills.**

**LITTLE MATHEMATICS**  
**Mehra Nursery**

**'Everything around you is numbers'**

# FOOD!!!

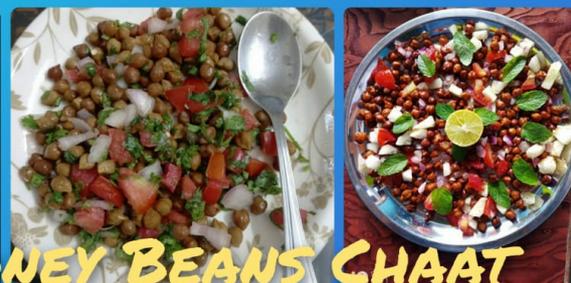

TO GIVE STUDENTS AN OPPORTUNITY TO SHOWCASE THEIR TALENTS AND TO BUILD ON SKILLS, VARIOUS ONLINE CLUB ACTIVITIES HAVE BEEN INITIATED.

TO DEVELOP THE SKILL OF FIRE-FREE COOKING, LITTLE SARVOTTAMITES MADE "KIDNEY BEAN SALAD" AND "IMMUNITY BOOSTER GOLDEN MILK" IN THE LITTLE CHEF'S CLUB ACTIVITY.

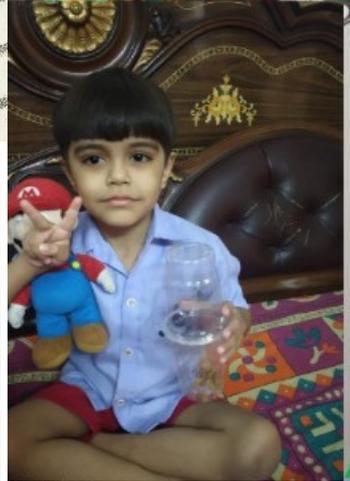

IT WAS CONDUCTED WITH A VIEW TO CREATE AWARENESS ABOUT THE NUTRITIONAL VALUE OF FOOD AND UNDERSTAND THE HEALTH BENEFITS OF KIDNEY BEANS, TURMERIC AND MILK.

KIDNEY BEANS CHAAT

**Junk Percussion is a fantastic approach to creating music. Music gives soul to the Universe, flight to imagination and life to everything. On World Music day, Little sarvottamities created their own music using materials found around us and enjoyed playing the rhythmic sounds. Junk Percussion not only plays a vital role in arousing creative spree in children but also creates awareness about different sounds of music.**

**International Yoga Day was celebrated by the students of Pre-primary at Sarvottam International school with great enthusiasm. Students demonstrated various asanas and breathing routines. After the warm up, all the students performed sitting and standing asanas. The teachers shared the importance of these postures simultaneously.**

**The saying 'Happiness held is the seed; happiness shared is the flower' is the perfect description of the event- 'Celebrating togetherness'. To rejoice the undeniable importance of the family and to celebrate the family bonding, Sarvottam International School organized an event - Celebrating togetherness on June 27th, 2021. A fun filled hour of happiness felt like being on cloud nine. This celebration manifests those simple and little things we do with our kids make a big difference. We all enjoyed a lot with fun activities as a team with our little children together and our super talented parents.**

# TEACHER'S CORNER

## Technology In Education

In education, technology is making its way at different levels. Technology also has the power to transform teaching by ushering in a new model of connected teaching. This model links teachers to their students and to professional content, resources, and systems to help them improve their own instruction and personalize learning. The recently released Draft of National Education Policy (2019) acknowledges the important role that technology plays in improving class room instruction, building teacher capacity, enabling educational access for students in remote areas, and improving the overall education system through better planning and management.
