VISION

In re-imagining modern education, our vision is to create a safe inspiring space, cultivate happy lifelong learners, build character and nurture humble leaders with the values of service while delivering academic excellence and fostering a global perspective.'

MISSION

To create a safe learning space where we develop not just exceptional students, but happy children.

To provide students with a challenging educational environment within an international community, focusing on a global curriculum, integrated with technology, and a plethora of extracurricular activities to meet students' individual needs. With an objective to ensure a conducive environment, we have dedicated a sprawling campus spread over an area of 10 acres comprising state of art infrastructure and world class facilities.

**To adopt and promote the UN Sustainable Development Goal 4- Quality Education
To pursue quality as an attitude and strive to develop students with rational thinking based on a strong foundation of ethics and moral values, build on the proven success of Indian education, while assimilating developments of the modern scientific world in our curriculum.**

Our Mentor

Dr. Priyanka Mehta
Director Principal

An eminent educationist with over 25 years of experience in the field of education. She has been widely appreciated for her work in the field and has been honored with several awards and recognitions. She firmly believes in creating value for society through nurturing and empowering young minds, leading them to become aware, responsible and ethical human beings who believe in strong values and relations in the modern world.

A totally peoples' person, she enjoys being with children and learns from their experiences, joys, and failures. Spirituality and values are very close to her heart and she believes that strong roots of values and culture strengthen character and ensure righteousness. She inspires as a fine blend of tradition and modernity, where Love for the motherland settles the soul and modernity of thought liberates the mind to think, innovate and create.

Her guiding lines are, "One day we are all going to be a memory....we must truly try to be a good one. The smiles on the faces of my students, as they express their love and trust, encourage me to work for them and give purpose to my life. I am driven by their faith and love. Their never-ending support pushes me further and allows me to be me. I keep reminding myself to be a learner and seek means and ways to enrich myself.

I am forever inspired by the lines:

"Life is short, break the rules, forgive quickly, kiss slowly, love truly, laugh uncontrollably, and never regret anything that made you smile."

Twenty years from now you will be more disappointed by the things you didn't do than by the ones you did. So throw off the bowlines. Sail away from the safe harbor. Catch the trade winds in your sails... Explore. Dream. Discover....."

Learning Beyond Boundaries

These are extremely testing times for all of us. But as it is said- Tough times last, but tough people last longer...

We shall all fight this together and emerge victorious.

We are therefore, inclined to bring the school inside the comfort of your homes. These new ways will certainly open up new opportunities for the students and for us.

Happy Learning to all!!!

GREEN DAY CELEBRATION

“Green -The colour of life...!!” and life is always happening at Sarvottam with innovations and creativity.

During the GO GREEN WEEK, students celebrated “Green Day” on 3rd July, in an instructive way through the virtual live class where the children learnt about the importance of green colour and the positive effects it has on our lives through a series of activities like eco printing, vibrant speeches, poster making, and slogan writing on their T-shirt. Making Craft and printing onto fabric with only materials from nature—leaves, flowers, twigs, etc was a magical experience.

“Educating the mind without educating the heart is no education at all.”

“Learning never exhausts the mind.”

Chocolate day celebration

Celebrations are always times for fun. Being at home cannot stop us from meeting our friends and enjoying with them.

The chocoholics at Sarvottam International School celebrated 'Chocolate Day' on July 10th, 2020 in a scrumptious way.

Through videos and presentations the young sarvottamites learnt to make delicious chocolates alongside their affect on health. Lip-smacking chocolate recipe to prepare chocolate lollipops' was the highlight of the day!

Be a news reader

“Breaking news just in.....”

This is just one of the everyday things. Journalism allows people to know everything happening all around the world.

At Sarvottam, News reading competition was held on July 17th' 2020, where the students of Grade 1 explored the News Reading under several rubrics like fluency, accuracy, confidence and expression. The competition enhanced formal reading abilities in each student and developed confidence .

Be a Radio Jockey

"A radio is a theatre of mind."
Every child has a unique talent, which is to be identified, developed and prepared for the fast moving competitive world. In an effort to nurture young children on confidence and speaking skills, a Radio Jockey Competition was organized on July 17th'2020, for the students of Grade 2 highlighting the lighter side of Covid-19. Kids displayed great sense of humour and creativity of mind and entertained the audience to the best of their efforts. They presented witty Radio Jockey acts filled with fun, humour and songs to the utter joy of the judges and audiences.

Fancy dress on Save Animals

“The character of a nation is reflected in the condition of her animals.”

The Kindergartners enjoyed a fulfilled Jungle Day, a fancy dress event from their homes. The purpose of conducting the competition was to develop confidence in students by giving them an opportunity to speak in front of all class mates on an online platform. The effort and hard work of parents and children was highly commendable. They dressed up as panda, zebra, tortoise, monkey, tiger, lion etc and emphasized upon the need to save animals and their habitats.

“You can teach a student a lesson for a day; but if you can teach him to learn by creating curiosity, he will continue the learning process as long as he lives.”

Rakhi Celebration

Celebration of festivals and traditions is an integral part of our curriculum and helps children feel proud of our rich culture and traditions that make our nation extraordinary.

Rakshabandhan is one of the most awaited and auspicious festivals of our country. It signifies a Bond of Protection. Students of Sarvottam International School made lovely rakhis for this special occasion during their online classes with material available at home. It is imperative to help children develop a strong bond of protection towards the flora and fauna too.

Our little Sarvottamites celebrated Raksha Kawach Drive on Monday, July 27, 2020. Two very thoughtful activities were conducted on this day. Students tied red threads (mouli/ribbon/paper rakhi) to plants at home and sent across the message of saving environment and making people aware about the benefits of plants in daily lives. This activity was named as "Vrikshabandhan". They also conveyed their respect and love to the heads of their family by tying rakhis to them. This activity was named "Aadarshbandhan". Through both activities we aimed to connect our young children to Culture and Mother Nature, the greatest teachers of all times.

TEACHER'S CORNER

WHY I CHOSE TO BE A TEACHER

When I consider why I want to become a teacher it is difficult for me to pinpoint specific reasons. Teaching is a career where you are able to make a difference. While you rarely see the finished product in one day, the feeling at the end of term, seeing your students achieve their potential and succeed, are the rewards for this demanding and challenging job. Spending time with children and watching them learn offers such fulfillment. Teaching is a full time job. Teachers do more than teach, and their impact extends far beyond the classroom. As a teacher, you are more than just an educator; you are a mentor and a friend. One of the most common reasons to become a teacher is to make a difference in the lives of as many students as you can. Essentially, becoming a teacher lets you take part in shaping the next generation.

I chose to be a teacher because for me teaching is not just a profession, it is a mission. It is a true vocation. Children, who are like clay are moulded and shaped by the hands of a teacher. The love and affection, the respect that students shower on a teacher is beyond explanation.

Pt. Jawaharlal Nehru very rightly once said, “The destiny of a nation is shaped in the classrooms.” In a nutshell, no career, no work can be more rewarding than that of a teacher”.
